In Your Home...

Habilitation, Companionship and Supported Living Services can all be provided in your home.

We provide care, supervision and support to you, or your family member, in your own home or apartment. We have been providing in-home services for over 25 years and will match you with a compatible, trained direct care professional.

Hours will be scheduled according to your needs and in line with the budget you have received in your ISP.

In Our Homes...

We provide **group homes** for one to four individuals. All homes have supervisory staff available at all times. Homes are staffed with trained, qualified direct care professionals.

We also contract with families who provide **host homes** to one or two people of any age.

We have homes in Mercer, Lawrence, Crawford and Venango counties so we can provide services to your family member close to your home.

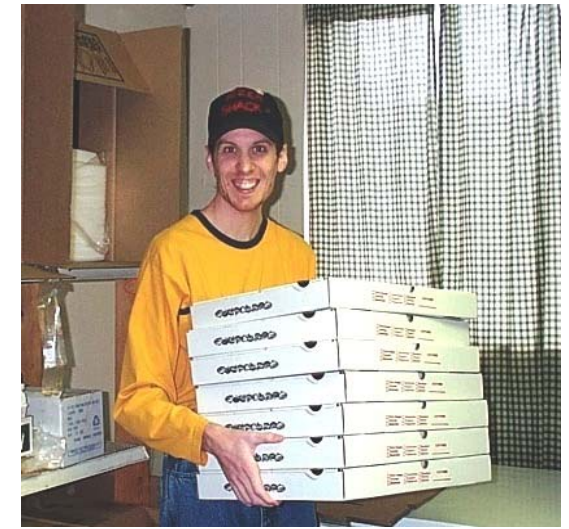

We have licensed group homes and Lifesharing (host homes)

In the Community..

We provide **Pre-work Training** and **Adult Day Services** at our CHAPS program located in our Hermitage office. Program hours are 8:30 am to 4:00 pm Monday thru Friday. A wide variety of activities and work opportunities are provided in a small, relaxed setting.

We provide **Supported Employment** and **Transitional Work** services for people who would like to have a job coach help them find and keep employment.
